

Aircraft Electrical Systems for Pilots

The present is directed to pilot to better understand how electrical systems work. This understanding will help pilots recognize and diagnose electric systems.

Directions: Exit I-94 at State Street. Turn south and go to the first light. Turn right on Airport Drive and take it to the very end. The terminal building is next to the tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
